

## **Partner Agreement**

This partnership agreement (the "Agreement") is between G2 Building Technologies International AS ("G2") and the partner as a supplier ("Partner"). The Agreement applies as long as the Partner is active on the D-Com platform ("D-Com") operated by G2. By joining D-Com, the Partner confirms acceptance and understanding of the terms and conditions regulating the use of D-Com, services, commissions, and related activities.

### **1. Overview**

D-Com is a commission-based platform connecting partners, sales agents, and customers. This Agreement outlines the Partner's rights and responsibilities.

### **2. Partner Liability**

Partners must not sell products in regions lacking ownership or licensing rights; violations may result in suspension. Product listings must include technical details, high-quality images, and pricing (including shipping, insurance, and taxes, with no hidden fees). Partners ensure product delivery, handling guarantees, returns, cancellations, and customer feedback. Compliance with all applicable laws, including tax and export/import regulations, and ethical behavior in transactions are mandatory.

### **3. Sales Agents and Commission**

Sales agents earn commissions only for completed sales, provided the product is not returned or subject to complaints.

### **4. D-Com and Commission**

Sales occur through D-Com, with G2 invoicing customers and handling VAT payments. Revenue is split 40% to D-Com and 60% to the Partner. Payments to Partners are made 30 days after confirmed delivery to customers.

### **5. Right to Use and Operate D-Com**

By adhering to this Agreement, partners can use the D-Com platform to sell products and services. D-Com may refuse to list offensive or inappropriate products.

### **6. Termination and Legal Protection**

D-Com reserves the right to terminate the Agreement for breaches of laws, misrepresentation of products, or violations of ethical standards. D-Com is not liable for defective products, counterfeit items, delivery errors, or legal disputes resulting from Partner actions.

### **7. Privacy and Data Security**

Both parties must comply with applicable privacy and data protection laws.

### **8. Additional Terms**

D-Com reserves the right to amend this Agreement, notify Partners of changes, and introduce new concepts or features to the platform. These additions automatically become part of this Agreement upon implementation.

### **9. Final Agreement**

By accepting this Agreement, the Partner confirms their commitment to D-Com. For clarifications, contact D-Com support at [support@d-compartner.com].
